## HOW WE WORK

We at Textiles CLUB are deeply committed to the development and implementation of the quality management system and continuous improvement of its effectiveness and ensure that customer's requirements as well as statutory and regulatory requirement if any for the product are determined and communicated to the relevant functions. We also conduct management review periodically to ensure the continuing suitability adequacy and effectiveness of the quality management system. And ensure the availability of the resources required for product realization and implementation of quality management system.

The requirements of the export market are determined by the marketing department which has continuous interaction with the customers and ensures that continuous feedback from the customers is used for making the necessary changes to meet the changing customer's requirements. Customer satisfaction survey is also periodically carried out and its results are communicated appropriately within the organization.
